Welcome to the SR/WA Designation Program!

What is the SR/WA Designation?

The Senior Right of Way Professional (SR/WA), is the most prestigious professional designation granted to those right of way professionals who have achieved professional status through experience, education, and examination.

While the SR/WA professional may be a specialist in one area, they must also be familiar with all disciplines associated with the right of way profession. The SR/WA designation is the only designation reflecting evidence of professional accomplishment in the right of way profession.

Stay Ahead of the Curve

Today's marketplace is crowded and complex. To develop a solid, competitive advantage—and to remain ahead of that curve—you can rely on an IRWA Designation to prepare you and your company for whatever lies ahead.

The Only Name That Counts

IRWA stands for the highest standard of excellence. As such, an IRWA Designation is a rigorous process that will work to differentiate you from other professionals. Our high standards have enabled us to create a distinction that is universally respected by customers, businesses and colleagues across most disciplines.

The Right Stuff

Companies with employees that are IRWA certified report impressive results. Designation can often win business in competitive situations. Certified professionals often make better employees. They tend to exhibit higher productivity, reduced learning curves, increased technical competencies, lower error rate, and a higher level of job satisfaction.

Individual Benefits

Earning the SR/WA Designation will help boost opportunities and salary potential. The SR/WA Designation expands employment opportunities, increases salary potential, boosts chances for career advancement and demonstrates professional commitment.

Research shows that professionals who have earned the SR/WA Designation earn more throughout their career than those without it.

Benefits to Employer

Employers benefit from the SR/WA Designation too. They will be rewarded with higher employee retention, increased productivity and a boost in employee morale and confidence. The Designation enhances employee skills through multidiscipline training and examination. Retaining experienced staff is an enormous competitive advantage for any employer.

We congratulate you on your decision to pursue the SR/WA Designation.
