

Headquarters Staff Updates

After a rewarding year of serving the Association and its members, IRWA Headquarters is proud to announce the following changes in staff responsibilities.

Tim Drennan, CAE

Tim has been promoted to executive director. In this role, he will lead and support headquarters staff as well as direct strategies that support and enhance organizational operations. With over 14 years of nonprofit and volunteer association management experience, Tim will be integral in promoting IRWA's purpose, mission and strategic plan. Tim remarked, "I am humbled by the encouragement and support of the IRWA staff, International Executive Committee, International Governing Council and the IRWA membership through this process. I look forward to strengthening the partnership between staff and IRWA leadership to support the objectives of the IRWA. Great things to come!" Stay tuned for the January/February 2022 issue, which will feature our interview with Tim as he gives members insight into his vision for the Association.

Jade Meador, CMP

Jade has been promoted to deputy executive director. In addition to working with Tim to support headquarters staff and IRWA's strategic initiatives, Jade will focus on all areas of communications — a crucial step toward growing IRWA's brand and influence over the right of way industry. Jade will also continue to lead events planning, including the Annual Education Conference.
